

FPS GOLF DAY 2019

Tuesday 4th June

THE MERE
Golf Resort & Spa ,
Knutsford, Cheshire.

Sponsored by

The course was designed by former Open Champions, James Braid and George Duncan, the Club's first Professional and has hosted championships regularly since then including the Seniors PGA championship. This testing course has been further advanced with the planting of hundreds of mature trees and the construction of two beautiful water features on the 7th and 8th holes. At the 15th players have to negotiate a stream with their drive, the dogleg 16th has a spectacular view and the 17th requires a drive with a long carry to clear the high bank the width of the fairway. Finally the par five 18th has a green on the water's edge, making the 'famous four' even more of a challenge.
